## Forty-Six Enter Big Motor Event

Elimination Trials at Indianapolis Are For 500 Mile Race.

Indianapolis, Ind., May 22.—Highly "tund" and mechanically as perfect as the skill of the modern motor car maker can produce, 46 of the fastest racing automobiles ever assembled are at the Indianapolis Motor Speedway awaiting the elimination trials next Friday which will determine whether they are eligible to start in the 500-mile international sweepstakes race on Memorial day, May 30. Every car must show speed of 75 miles an hour to qualify for one of the greatest races in the history of the motor contest sport. When the entries to this event were closed Monday there were 46 cars entered, manned by a list of drivers which includes every well known pilot in America, as well as several who made their reputations in Europe before coming to the United States.

It has been some months since the initial announcement of this contest was made by the promoters and each month has witnessed an increase of interest on the part of the public as well as the manufacturer. Almost six months ago the first entry was made when Case car, with Lewis Strang as the driver, was entered. From that time on the entries were sent in steadily until the largest field ever drawn together for one event was announced when the entries were closed. The greatest number of entries in any one contest previous to this was 26.

The long race has assumed even greater proportions than the promoters had anticipated when the purse of \$25,000 in gold was offered for the winners of the first ten places. A capital prize of \$10,000 headed a list of nine others as follows: Second, \$5,000; third, \$3,000; fourth, \$2,000; fifth, \$1,500; sixth, \$1,000; seventh, \$800; eighth, \$700; ninth, \$600; tenth, \$500. In addition to this small fortune there have been added side prizes by various accessory makers, which bring the total to be won up to about \$40,000. Supplementing the cash prizes are the trophies. The majority of the cars in the race in their trophy have averaged about 95 to 100 miles per hour, while many of them are capable of doing two miles per minute. The entry fee paid by the entrants was \$500 per car.

Estimates on the average speed which will be attained in the long race have varied widely, but experts express a belief that the winner will travel the 500 miles at a rate of about 75 miles per hour. The race will start at 10 o'clock in the morning and probably will be won by one of the other great race meets of the country. Fred J. Wagner, of New York, will act as starter, while George Robertson, the former racing driver, will be an assistant. A. R. Pardington, of New York, will referee, while R. P. Hooper, president of the American Automobile association, is the honorary official in that capacity. Judges and other officials have been chosen from among the most prominent manu-

facturers and automobile men in the middle west.

Difficult to Decide.

The method which would be employed to start this event, has been difficult for the promoters to decide. The speedway management finally adopted the plan of firing daylight bombs, which explode 250 feet in the air and give forth a dense cloud of smoke. One of these will be fired every minute for five minutes before 10 o'clock and at the stroke of 10 a special starting bomb will give the signal that will send the entire field into one of the greatest races ever known. After the start the contestants are signaled along the course by means of colored flags, each of which bears some special meaning which the drivers understand. The cars will be started in nine lines of five cars each, placed at intervals of 100 feet back of the wire.

Scoring and timing of 46 fast cars on a course but two and a half miles in length means the devising of an entirely new system in order to score and time the race accurately more than 100 men will be used throughout the seven hours, with 50 others as relief men to the regular scorers. The eye is the only part of man depended upon to aid in this task, while mechanical and electrical devices have been called upon to perform the greater part of the work. An electrical timing machine, which divides the seconds into hundredths, will catch each car as it passes the wire on over lap, while a battery of four adding machines will be used to record the number of cars as they pass. Two dictionaphones will carry the record of the car numbers in the order in which they fit by the stand. This last record will have the story of the entire race in human voice, the first time this has ever been attempted.

Reinforcing this squad of mechanical workers will be four score boards, each 100 feet in length, and each employing more than 20 men to operate it. These will catch each car as it passes the wire and credit with a lap each time it crosses. A telephone system, which has more than 20 instruments attached, will convey information to a score of announcers in all parts of the grounds and the visiting throng will be informed of the status of the race every ten miles of its progress.

Expect 100,000 People.

Preparations have been made for handling a crowd of 100,000. Parking space for 10,000 automobiles has been provided. In order to prevent accidents to the spectators, 300 men are employed. A military organization, known as the Speedway guard, is composed of 300 men. These militiamen guard every roadway and gate so that the track has been termed "fort Knox." In addition, 100 police and plain clothes men watch the throng throughout the day. A mounted squad aids in directing the crowds to their proper places.

## PRESIDENT ALLEN IS TO RETAIN POSITION

Effort to Oust Him From The Texas League Is Failure.

San Antonio, Tex., May 22.—President Wilbur T. Allen of the Texas baseball league will retain his position at least until after the meeting of the national association of baseball clubs in San Antonio next November. The meeting held at Fort Worth Thursday with a view to securing his resignation failed to produce the requisite number of votes. A motion was put to ask for Allen's resignation. When put to a vote Morris of Fort Worth, Gardner of Dallas, Roberts of Houston and Devers of Galveston voted in favor of the resignation. The other four clubs, Block of San Antonio, Davis of Oklahoma City, Davidson of Waco and Iglehart of Austin, voted against it. Following this resolution were adopted declaring President Allen had no interest in the Oklahoma City or the Austin franchises and that he had committed no act reflecting on his integrity as a man or a baseball official.

The magnates, however, are not satisfied and the four men who voted for Allen's resignation are out after his scalp and it is probable that he is destined to go after the close of this season, although the matter may be brought to a show down at an earlier date.

Match Game at Las Cruces.

Las Cruces, N. M., May 22.—The Stevens team defeated the Amador team Friday night in the five man three game contest at the Wickard bowling alley by a margin of 364. F. Freeman ran the highest individual game, with 214, and the high total was made by Juan Barola, of El Paso, who played with the Stevens team, his score being 557.

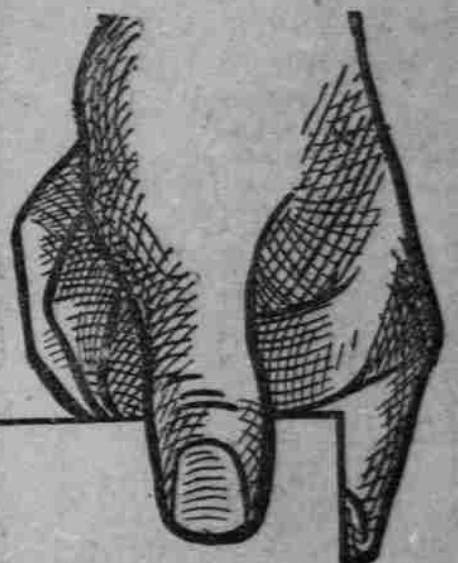

The score:

Stevens team—	176	137	145	458
Freeman	141	119	185	455
Tillman	156	157	142	455
F. Freeman	214	151	184	549
J. Barola, El Paso	183	161	161	505
Amador team—	890	777	818	2485

High game—F. Freeman, 214.  
High total—J. Barola, El Paso, 557.

KRAMER DEFEATS CLARKE.

Newark, N. J., May 22.—Frank L. Kramer, the American bicycle champion, twice defeated Jackie Clarke in the bicycle races here, winning the two miles open, and the one mile team match. Kramer, in the latter race was teamed with Wm. Penn, and Clarke with Floyd MacFarland.

## TO ANNOUNCE THE CHANGES ON MONDAY

Changes Probable in Principals of Three Schools.

On Monday, May 22 the school board will make public its list of newly elected teachers in the public schools. It is said that the committee of the whole board last week agreed upon Miss Ruth Evans, now principal of the Franklin school, to be principal of the Highland Park school, succeeding Mrs. B. B. Bailey who will retire voluntarily. Mrs. Frank Payne is scheduled to fill the principalship at the Franklin school, while Miss Alice Swann will become principal of the Highland Park school, succeeding Miss Inez Humphrey, who will retire.

It has been agreed to vest full authority over all departments in superintendent N. E. Crozier. This will mean that he will oversee the manual training as well as the literary department and a principal will be in charge of the manual training department, under the direction of Mr. Crozier. It has been stated that E. A. Ross, present superintendent of the manual training department will not be retained. The salary for the principal has not been agreed upon, but will probably be much less than that paid Ross.

## DEFIES ARREST BUT CHANGES HIS MIND

Charles Wright thought himself safe from the minions of the law when he sat quietly at a table in an Oregon street restaurant, and defied policeman Henderson, to arrest him without a warrant. Henderson telephoned the police station, was instructed to make the arrest and did so. Then Wright went quietly to the police station in the patrol wagon and there furnished a bond in the sum of \$100 on a charge of disturbing the peace.

It is charged by the police that Wright went to the home of his wife on West Overland street and after a quarrel demolished a goodly part of the furnishings. This, it is claimed, led his wife to burning his clothing in the middle of the street Saturday night and the calling of the Central fire company to extinguish the blaze.

## SO SOLDIERS WIN ONE AND LOSE ONE BALL GAME

Trounce the Globe Mills Sunday and Are Defeated Saturday.

The Fort Bliss team returned to its winning form in the city baseball league's double header at Washington park, Sunday, and defeated the Globe Mills team in a 4 to 2 game. The White Sox kept up their winning streak by winning from the Internationals by a 6 to 9 score in the second game of the afternoon.

Armstrong, who has been the star pitcher of the city league so far this season, opened the game for the Globe Mills team, but was touched up to such an extent by the soldiers in the first inning that he was forced to retire. Two hits, a couple of wild pitches and the three runs of the soldiers proved to be his undoing. Capt. Brieh succeeded him.

Brieh pitched good ball until the fifth inning when he weakened and Nagle finished the game for the Globe Mills team. Nagle held the soldiers safe.

Mathews proved to be an iron man for the soldiers' team, as after pitching a nine inning game on Saturday, finished the greater part of the Sunday game for the soldiers after Poleski was touched up rather freely in the third inning by the Globe Mills team and so forcing him to go to the bench.

The first double play of the year was pulled off by the Globe Mills team during the game. Smith, of the soldiers, got to first on a walk. Reed, the next up, hit to the pitcher, who threw to second and caught Smith, and the second baseman hurried the ball to first, getting Reed, and so completing the play.

The score.

	R.	H.	E.
Fort Bliss	3	0	2
Globe Mills	0	0	0

Batteries: Fort Bliss, Poleski, Mathews and Smith; Globe Mills, Armstrong, Brieh, Nagle and Doering.

The second game.

The Internationals had an off day in the second game of the double header Sunday and this, coupled with the absence of their regular pitchers, gave the game to the White Sox by a 6 to 0 score. The team was unable to hit and when a player manged to squeeze a safe one, the next man up was unable to come through with the required bingle. Only one time did they have a chance to score during the game and this was in the sixth inning, but the umpire managed to call some that were not over the pan and retired the team.

The White Sox on the other hand were in first class form and played a good consistent game. Fisher, who did the pitching for the White Sox, held the Mexican team to four lonely bingles, and they were well scattered.

McLean opened the game for the Internationals, but did not have anything and the third baseman, Cano was forced to go into the box and finish the game. Cano, the International shortstop, was the sensation of the game. He chopped down the high ones and dug up the low ones and he always made a sure throw to first no matter at what angle he was forced to deliver the ball.

The score.

	R.	H.	E.
White Sox	6	0	0
Internationals	0	0	0

Batteries: White Sox, Fisher and Fogg; Internationals, McLean, Cano and Manquera.

## WHITE SOX WIN.

The White Sox won a game Saturday; they defeated the Fort Bliss team by the score of 7 to 6 in the first Saturday game of the city baseball league season at Washington park. Mathews, the big soldier pitcher, was not much of a puzzle to the White Sox during the early part of the play, and in the first inning they piled up five runs which were the main figure in the final score.

Saturday's game was the first that Mathews has worked this season, and after the opening session he held his opponents pretty well in check. Joe Bryan, a Globe Mills player, started the work in the box for the White Sox, but was jerked out the latter part of the first inning as the soldiers had no trouble in finding his curves. Thompson, the White Sox left fielder, followed Bryan in the box and held the soldiers safe for the remainder of the game.

Howard Fogg made his first appearance behind the bat for the White Sox and Bokah, a soldier, worked in that position for the first time for the same team.

The score.

	R.	H.	E.
White Sox	7	0	0
Fort Bliss	6	0	0

Batteries: Fort Bliss, Mathews and Smith; White Sox, Bryan, Thompson and Fogg.

## TO START ON NEW RANGE THIS WEEK

It is expected that active work will be begun on the new rifle range of the El Paso Rifle club during the present week.

The Rifle club held its customary weekly shoot at the range on Mundy Heights during Sunday morning.

The weather conditions were fair during the greater part of the morning, an irregular shifting wind blowing a part of the time.

There were 11 riflemen and some visitors present.

The Silberberg Bros. medal event was the first contest entered upon and the following scores were made: Haines, 37; Flier, 32; Rutledge, 30; Pax, 29; Corning, 28; Pringle, 20; Scriven, 20; Hopple, 18.

The Krakauer, Zork & Moye razor event was next entered upon and the following scores were made from the prone position: Haines, 44; Pringle, 43; Rutledge, 41; Flier, 40; Pax, 38; Hopple, 37; Corning, 37; Baca, 34; Capt. Jack, 33; Scriven, 30.

After these events, some practice scores were made, after which the range was closed for the day.

VANDERBILT HORSES FIGURE IN MONEY AT LONGCHAMPS.

Paris, France, May 22.—W. K. Van derbilt's horses figured in the money in three stakes at the Longchamps race course. His Belfast was second in the Prix de l'Arc de Triomphe, a selling event at 10 furlongs, stake \$500; his Mirambo was second in the Prix de l'Esplanade, at 11 furlongs, and Brume finished second in the Prix La Rochelle, Triennial stake, for three-year-old fillies, at 11 furlongs, stake \$600.

There is one medicine that every family should be provided with, especially during the summer months: Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed. It costs but a quarter. Can you afford to be without it? For sale by all dealers.

EVERS TO REJOIN TEAM.

Troy, N. Y., May 22.—"Johnny" Evers, second baseman of the Chicago National league, who has been confined to his home in this city, with illness, will leave tonight for Chicago where he will rejoin his team upon its return from the east.

WALSH ACCEPTS TERMS FOR BOUT WITH KILBANE.

Boston, Mass., May 22.—Jimmy Walsh, claimant in the international bantamweight title, has accepted terms of the Standard Athletic club, of Canton, O., to box Johnny Kilbane 12 rounds on Memorial day. Kilbane has agreed to weigh no more than 123 pounds at 6 o'clock on the evening of the contest.
